

On Saturday, April 14, 2018

Braselton will host our 5th Rivers Alive clean-up event from 9-1.

At 9 A.M., meet at the Thompson Mill Forest address is 1470 New Liberty Church Road.

After a safety briefing & sign in we will disperse to local streams and roadsides to pick up trash.

Afterwards, we'll meet back for a free lunch and share stories of our adventures in trash!

This is a great opportunity to participate in a local community service project and enjoy the outdoors while helping to beautify our environment. It's always amazing to see how much trash ends up in our waterways. Raising awareness of our impact on the watershed in which we live is a big component of the Rivers Alive program.

For more information contact Yvette Wise 706-654-3915 ext. 1012 or email her at [ywise@braselton.net](mailto:ywise@braselton.net) with "Rivers Alive Event" in the subject line.

Dress appropriately as you may get muddy & or wet. Please bring gloves if you have them. We are looking forward to seeing you there!
